POST

/api/bidder/auth/signup

PUBLIC

Step 1 (Initiate Signup): Cross-references legalName, email, and GSTIN against official government records (bidder_verification). On match, creates a temporary registration session and sends a 6-digit OTP to the bidder's email.

REQUEST PAYLOAD (JSON)

```
{
  "legalName": "Arnav Tyagi",
  "email": "arnav24169006@gmail.com",
  "gstNumber": "09ARNAV9012H3Z7",
  "phone": "9876500103",
  "password": "Password@123"
}
```

RESPONSE (201 CREATED)

  "email": "arnav24169006@gmail.com",
  "legalName": "Arnav Tyagi",
  "gstNumber": "09ARNAV9012H3Z7",
  "message": "Bidder verified successfully! OTP sent."
}
```

POST

/api/bidder/auth/verify-otp

PUBLIC

Step 2 (Activate Account): Validates the 6-digit email OTP. Creates permanent record in bidders table and returns 24-hour Bearer token.

REQUEST PAYLOAD (JSON)

```
{
  "email": "arnav24169006@gmail.com",
  "otp": "123456"
  // OR use "tempToken": "93162d76..."
}
```

  "email": "arnav24169006@gmail.com",
  "legalName": "Arnav Tyagi",
  "isVerified": true,
  "message": "Registration completed successfully!"
}
```

```
/api/bidder/auth/login
```

Authenticates a verified bidder using registered email and password.

```
{
  "email": "arnav24169006@gmail.com",
  "password": "Password@123"
}
```

[illegible]
